

BY THE GLASS

WINTER WINES

As we roll through the cold, frozen days of winter—one can only be hopeful that the first buds of spring arrive early this year. Warm, crackling logs permeate the home and help melt away the bone chills this season brings. We gather with friends to eat, drink, and laugh through the darkest months, biding our time until the frost breaks. Through this all, there is no better excuse to compliment such revels with a hearty glass or bottle of wine.

This winter season's selections by the glass perpetuate our pursuit for quality wines of lesser known grape varietals and regions. They were chosen as a graceful segue from holiday revels to the bleak months where the blues often permeate. We are excited to introduce several selections, including a collaboration by winemaker Elisabetta Foradori: Ampeleia Unlitro, a wine aged for 6 months in cement tanks, a Georgian Orange wine with a beautiful copper hue, & a delightful Montepulciano d'Abruzzo.

Where possible, we selected wines that are natural, organic, & made with sustainable agricultural practices. We are always in pursuit of new knowledge in which to pass along to you, our guest. It is our goal to avoid that pretense that often comes with wine, as we believe it should be fun and approachable! Our staff is more than happy to answer any questions and sample you on a glass option, whenever possible. We hope you enjoy as much as we do!
