

BY THE GLASS

WINES FOR THE WHIMSY OF SPRING

As the newly thawed ground gives way to bonfires of green, we are gifted the promise of warmer days to come. Through wild bramble rise the first crops of the season—soft and delicate—a gentle prelude to the bounties that lie ahead.

With this season's wines by the glass we continue our pursuit for quality wines of lesser known grape varieties and regions. These wines graciously bridge the changing climate, as days grow longer and sweaters are shed for the lighter cloths of spring. From a beautiful volcanic Etna Bianco to a Rosé produced on a small Rhône island that will transport you to a provincial seaside town—we strove to capture the wildly varied days of the season.

Where possible, we selected wines that are natural, organic, & made with sustainable agricultural practices. We are always in pursuit of new knowledge in which to pass along to you, our guest. Our staff is more than happy to answer any questions and sample you on a glass option, whenever possible.

We hope you enjoy!
